This is a set of infographics that was created in Figma from a study by MHON. The left graphic is sized for Pinterest, and the right graphic is sized for LinkedIn. This was designed carefully with their existing branding and color palette in mind, which they had asked the designers to stick very closely to.

This is a larger infographic I created in Figma, designed to be used as a summary of a larger study done by MHON. This was also created with their existing branding in mind. To the left is the entire graphic, and above are close ups of each section.
